Cloud Kicks is concerned that not everyone on the sales team is entering key data into accounts and opportunities that they own. Also, the team is concerned that if the key information changes, it does not get updated in Salesforce. A Platform Administrator wants to get a better understanding of their data quality and record completeness.

What should the administrator do to accomplish this?

- ☐ A. Explore AppExchange for data quality and record completeness solutions.
- ☒ B. Create a report for Accounts and Opportunities highlighting missing data.
- ☐ C. Subscribe the sales reps to a monthly report for accounts and opportunities.
- ☐ D. Configure the key fields as required fields on the page layout.
