31. A Field Rep is having challenges measuring their share-of-shelf due to a recent change in packaging to a competitor's product, which makes their products look almost identical. When using Einstein, the competitor's product was marked incorrectly as the rep's product. What should the rep do to prevent this from happening in the future?

- ☐ Turn the competitor's products around and re-perform the check.
- ☐ Contact the manager to create a new planogram.
- ☐ Cancel the task and perform the planogram check manually.
- ☒ Edit product tags.

14. A company by the name of Northern Trail Outfitters (NTO) leverages top industry professionals to manage direct store delivery. How should a consultant explain the power of Consumer Goods (CG) Cloud's Einstein for CG - Visit Recommendations feature to NTO?

- ☐ By adopting the Einstein for CG - Visit Recommendations on the Consumer Goods Cloud, the existing workforce can be terminated and replaced with more affordable layworkers to increase margins.
- ☐ Consumer Goods Cloud Einstein for CG - Visit Recommendations feature is natively powered by market research data enabling companies to target customers by leveraging big data and competitors' performance.
- ☒ By adopting the Einstein for CG - Visit Recommendations with the Consumer Goods Cloud, professionals can focus on their work while having information served to them that will support them in being competitive.
- ☐ Einstein for Consumer Goods Cloud is a great tool, but like all software, Consumer Goods Cloud is a work in progress. Updates to resolve the functionality gaps of professionals aren't likely to occur until one of the three yearly releases.
