

Question 1 of 65

Choose 1 option.

Cloud Kicks (CK) is concerned about user adoption once its Sales Cloud implementation is rolled out. CK's Sales Cloud Consultant has learned that its users have felt unmotivated to use new systems in the past.

Which action should the consultant recommend that CK take to motivate users and help drive adoption?

- ☐ A. Postpone deployment until end users are comfortable with the solution.
- ☒ B. Survey end users to understand their pain points with legacy systems.
- ☐ C. Install the Salesforce Adoption Dashboards from AppExchange.

Question 3 of 65

Choose 1 option.

Universal Containers needs to adjust the sharing model from public to private.

What should the Sales Cloud Consultant recommend to validate the new requirements with no disruptions to daily business?

- ☐ A. Create a testing strategy using sandbox environments that ensures requirements are met, integrations remain functional, and existing functionality hasn't regressed.
- ☒ B. Build and test in a Developer sandbox, then have the developers migrate the changes to production overnight so that users are not interrupted during their work day.
- ☐ C. Send out a notification once development has reached the User Acceptance Testing (UAT) environment informing teams that they must perform testing and provide results within the stated window.

Question 4 of 65

Choose 1 option.

The sales team at Universal Containers is having difficulty closing certain opportunities. Sales managers want a dashboard to track their team's potentially problematic opportunities.

Which metric should the consultant recommend to meet the requirement?

- ☒ A. Opportunities that are missing activities
- ☐ B. Opportunities that are missing Price Book information
- ☐ C. Opportunities viewed in a certain period of time

Question 5 of 65

Choose 1 option.

Universal Containers (UC) recently implemented Sales Cloud. UC stakeholders believe that user adoption is best measured by the login rate.

Which additional key metric should the Sales Cloud Consultant recommend?

- ☐ A. Products created in the last 30 days
- ☐ B. Web-to-Lead submissions in the last 30 days
- ☒ C. Opportunities modified in the last 30 days

Question 6 of 65

Choose 1 option.

Cloud Kicks is preparing to introduce AI to its workforce and plans to mitigate toxic outputs.

Which Salesforce guideline for responsible AI is being implemented?

- ☐ A. Transparency
- ☒ B. Safety
- ☐ C. Empowerment

Question 7 of 65

Choose 1 option.

The sales director of retail products at Cloud Kicks wants to allow sales reps to clone orders to avoid repetitive tasks.

Which guideline should a consultant consider when cloning an order with products?

- ☐ A. A cloned order must have a later end date from the associated contract.
- ☒ B. A cloned order's start date must fall between the associated contract's start and end dates.
- ☐ C. A cloned order must be associated with the same contract as the original order.

Question 8 of 65

Choose 1 option.

A sales director reports that reps are missing quotas because they are pursuing low-probability deals.

Which feature allows the team to automatically see which opportunities are likely to close, based on past patterns?

- ☒ A. Einstein Opportunity Scoring
- ☐ B. Einstein Lead Scoring
- ☐ C. Calculated Insights

Question 9 of 65

Choose 1 option.

Prospects at Cloud Kicks are exposed to many different marketing activities. In most cases, a combination of several different activities results in a successful sale.

How should the consultant configure Sales Cloud to track which marketing activities influenced the customer to make a purchase?

- ☐ A. Make the Primary Campaign Source required.
- ☐ B. Create a junction object between Campaign and Opportunity.
- ☒ C. Implement Customizable Campaign Influence.

Question 10 of 65

Choose 1 option.

After a project deployment, several bugs were identified by end users and prioritized by the project team.

How should a consultant resolve these issues?

- ☐ A. Build out the issue resolution release in the staging environment.
- ☐ B. Perform user acceptance testing (UAT) in a development sandbox.
- ☒ C. Build out the issue resolution release in a development sandbox.

Question 10 of 65

Choose 1 option.

After a project deployment, several bugs were identified by end users and prioritized by the project team.

How should a consultant resolve these issues?

- ☐ A. Build out the issue resolution release in the staging environment.
- ☐ B. Perform user acceptance testing (UAT) in a development sandbox.
- ☒ C. Build out the issue resolution release in a development sandbox.

Question 11 of 65

Choose 1 option.

Cloud Kicks (CK) has implemented different sales stages across its varied product lines. CK wants to deploy Collaborative Forecasts to all sales users.

What should a consultant consider when rolling out forecasts?

- ☐ A. Opportunity Splits must be enabled at the same time.
- ☐ B. Multiple Forecast Types must be created and activated.
- ☒ C. A Single Category or Cumulative Forecast Rollup should be defined.

Question 11 of 65

Choose 1 option.

Cloud Kicks (CK) has implemented different sales stages across its varied product lines. CK wants to deploy Collaborative Forecasts to all sales users.

What should a consultant consider when rolling out forecasts?

- ☐ A. Opportunity Splits must be enabled at the same time.
- ☐ B. Multiple Forecast Types must be created and activated.
- ☒ C. A Single Category or Cumulative Forecast Rollup should be defined.

Question 12 of 65

Choose 1 option.

What is a consideration when enabling multiple currencies?

- ☐ A. Only Opportunities, Leads, and Opportunity Product Schedules support multiple currencies.
- ☐ B. Existing records must be manually updated with a default currency code prior to implementation.
- ☒ C. Changes to exchange rates update the converted amount on all records including closed opportunities.

Question 13 of 65

Choose 1 option.

Management at Universal Containers wants to identify duplicate Leads in its org so marketing reps can clean them up later.

What should a consultant do to ensure clean leads for the marketing reps?

☐ A. Create a formula field on Lead for duplicates.

☒ B. Run a duplicate job with a Matching Rule.

☐ C. Create a Validation Rule to find duplicates.

Question 14 of 65

Choose 1 option.

The operations manager wants to synchronize Cloud Kicks' customer list from its back office systems with Sales Cloud.

What is the first step the consultant should recommend to ensure data integrity?

- ☒ A. Create an External ID field on the Account object.
- ☐ B. Create a unique ID field on the Opportunity object.
- ☐ C. Create a matching rule on the Account object.

Question 15 of 65

Choose 1 option.

The admin at Universal Containers has been getting complaints from sales reps about duplicate leads within Sales Cloud. The admin has already set up a matching rule for leads.

What should the Sales Cloud Consultant recommend to resolve the issue?

- ☐ A. Ensure the email address field is required.
- ☐ B. Change the criteria for the standard lead matching rule.
- ☒ C. Validate the custom lead matching rule is activated.

Question 16 of 65

Choose 1 option.

After creating a brand new sneaker Product object record for Cloud Kicks, the admin is unable to add this product to Price Books.

How should the consultant resolve the issue?

- ☐ A. Edit the sharing settings of the Product object.
- ☐ B. Add the product to a price schedule.
- ☒ C. Set a standard active price.

Question 17 of 65

Choose 1 option.

Cloud Kicks has completed its initial implementation and is now looking for best practices to create a culture of continuous improvement.

What should the Sales Cloud Consultant recommend?

- ☐ A. Implement a continuous integration and continuous delivery (CI/CD) deployment pipeline.
- ☒ B. Establish a Center of Excellence (CoE).
- ☐ C. Configure an enablement site.

Question 18 of 65

Choose 1 option.

Universal Containers (UC) is planning to scale its Salesforce implementation to accommodate a significant increase in data volume and user activity. UC is concerned about the potential impact on system performance and data management.

What should UC consider to ensure the scalability of the Salesforce solution for the enterprise?

- ☐ A. Purchase additional data storage.
- ☒ B. Evaluate and optimize data model and automations.
- ☐ C. Validate the data completeness and accuracy to ensure cleanliness.

Question 19 of 65

Choose 1 option.

How can a consultant determine which capabilities of a Sales Cloud implementation are required during the Discovery phase?

- ☐ A. Demo Sales Cloud to end users.
- ☒ B. Observe end users.
- ☐ C. Establish KPIs for end users.

Question 20 of 65

Choose 1 option.

While implementing new partner relationship functionality, a Sales Cloud Consultant notices that the project is falling behind due to stakeholder-driven scope creep.

What should the consultant change to avoid this problem in the future?

- ☐ A. Lock scope immediately preventing further scope changes between now and the final delivery.
- ☐ B. Add more developers to the teams so the additional capacity can meet the demands of additional scope.
- ☒ C. Implement a formal change management process of review and approval before changes are implemented.

Question 21 of 65

Choose 1 option.

Cloud Kicks (CK) has a custom object, Project__c, that has a lookup relationship to the Opportunity object. The CK project manager has requested a report that includes both Project__c and Opportunity data.

What should the consultant use to include data from both the Project__c and Opportunity objects in one report?

- ☐ A. Matrix reports
- ☐ B. Joined reports
- ☒ C. Custom report types

Question 22 of 65

Choose 1 option.

Cloud Kicks (CK) recently implemented Einstein Opportunity Scoring in its production org. CK is using the Amount field in its Opportunity Scoring model.

What will a user without access to the Amount field on the Opportunity object observe?

- ☒ A. The Amount field will be hidden from the contributing factors section.
- ☐ B. The Amount field will display an error in the contributing factors section.
- ☐ C. The Opportunity Score field and the Amount field will be hidden for that user.

Question 23 of 65

Choose 1 option.

Cloud Kicks (CK) is launching an outbound sales campaign to identify potential prospects for its new product. The marketing team has sourced a list of leads for each territory. CK wants to use Salesforce for the following tasks.

1. Call center agents call the leads on the list.
2. Agents capture notes from the conversation.
3. Salesforce will automatically present the next lead in the list.
4. Agents should leave a voicemail if the customer is unavailable.
5. Agents call the customers who were unavailable back.

CK likes to have its supervisors coach the consultants based on the call transcripts.

Which Salesforce product should the consultant recommend?

☐ A. Sales Cloud

☐ B. Sales Engagement

Question 23 of 65

Choose 1 option.

Cloud Kicks (CK) is launching an outbound sales campaign to identify potential prospects for its new product. The marketing team has sourced a list of leads for each territory. CK wants to use Salesforce for the following tasks.

1. Call center agents call the leads on the list.
2. Agents capture notes from the conversation.
3. Salesforce will automatically present the next lead in the list.
4. Agents should leave a voicemail if the customer is unavailable.
5. Agents call the customers who were unavailable back.

CK likes to have its supervisors coach the consultants based on the call transcripts.

Which Salesforce product should the consultant recommend?

☐ A. Sales Cloud

☒ B. Sales Engagement

Question 24 of 65

Choose 1 option.

Cloud Kicks (CK) acquired a shoe distribution partner. The marketing and sales directors want to migrate the existing sales and marketing data into CK's Sales Cloud instance.

Which aspect should the consultant consider first before proceeding with the data migration?

- ☐ A. Role hierarchy and sharing rules set up prior to migration
- ☒ B. Volume of customer, partner, and prospect data identified prior to migration
- ☐ C. Number of marketing campaign licenses required for the migration

Question 25 of 65

Choose 1 option.

The sales team at Cloud Kicks has been late meeting project deadlines and missed multiple meetings.

What should the consultant recommend to the project manager?

- ☒ A. Revisit the communication plan and set up more frequent check-ins.
- ☐ B. Confirm that the statement of work (SOW) is realistic.
- ☐ C. Bring additional resources from the consulting firm to the project.

Question 26 of 65

Choose 1 option.

Universal Containers is interested in using Call Explorer to quickly gain insights from meetings recorded by its sales team.

What should the company be aware of before enabling this feature?

- ☐ A. Custom Call Explorer actions need to be built before it can be configured.
- ☐ B. Call Explorer operates independently of Salesforce Knowledge, requiring no prior setup.
- ☒ C. Call Explorer requires the Einstein Conversation Insights permission set to be enabled.

Question 27 of 65

Choose 1 option.

Cloud Kicks has enabled multiple currencies in its organization. All of the rates are set.

What is the impact if exchange rates are adjusted?

- ☐ A. The Exchange Rate on Closed Won opportunities will remain the same.
- ☐ B. Exchange Rate changes will be tracked in Opportunity Field History.
- ☐ C. All new and existing opportunities will use the new Exchange Rate.

Question 27 of 65

Choose 1 option.

Cloud Kicks has enabled multiple currencies in its organization. All of the rates are set.

What is the impact if exchange rates are adjusted?

- ☐ A. The Exchange Rate on Closed Won opportunities will remain the same.
- ☐ B. Exchange Rate changes will be tracked in Opportunity Field History.
- ☒ C. All new and existing opportunities will use the new Exchange Rate.

Question 28 of 65

Choose 1 option.

Some of the large accounts at Northern Trail Outfitters have many contacts. Sales reps want to see how these contacts relate to each other and understand the reporting structure.

Which feature should the consultant recommend to meet this requirement?

- ☐ A. Contact Roles
- ☒ B. Contact Hierarchy
- ☐ C. Contacts to Multiple Accounts

Question 29 of 65

Choose 1 option.

A custom lead qualification process was implemented at Universal Containers over a year ago. The process has been underutilized by sales reps. A consultant suggested that the reason why adoption of the process by sales reps is poor is due to a lack of executive sponsorship.

Why is executive sponsor involvement so important for success?

- ☐ A. Executive sponsors support the system after launch.
- ☐ B. Executive sponsors ensure there is a workable solution.
- ☒ C. Executive sponsors are champions of the project.

Question 30 of 65

Choose 1 option.

Cloud Kicks (CK) is kicking off its Sales Cloud implementation project. The consultant wants to dive deeper into CK's process and pain points.

Which approach should the consultant use to learn about and empathize with the customer?

- ☐ A. Create flowcharts.
- ☒ B. Interview stakeholders.
- ☐ C. Define personas.

Question 31 of 65

Choose 1 option.

A consultant is beginning a new project with Cloud Kicks to implement Collaborative Forecasts.

What should the consultant use to gather requirements using an Agile methodology?

- ☐ A. Epics
- ☐ B. Sprints
- ☒ C. User stories

Question 32 of 65

Choose 1 option.

Cloud Kicks (CK), a large global organization, is rolling out a complex Salesforce Release to its staff located in offices around the world.

What should the Sales Cloud Consultant recommend that CK do when training this audience?

- ☒ A. Conduct Train-the-trainer sessions.
- ☐ B. Leverage Trailhead and documentation.
- ☐ C. Configure Path on Opportunities.

Question 33 of 65

Choose 1 option.

The VP of sales at Cloud Kicks wants to provide options to sales reps for changing account or contract details for a created order.

Which condition should the consultant consider to meet this requirement?

- ☐ A. The currency associated with the order can be different from the contract.
- ☒ B. The order associated with the account is in draft status.
- ☐ C. The order must be associated with an active contract.

Question 34 of 65

Choose 1 option.

The consultant at Cloud Kicks has noticed that sales data is quickly outdated and wants to keep Account data current.

What should the consultant recommend to maintain current Account information?

- ☐ A. Build a weekly data update from in-house systems to refresh data.
- ☐ B. Email the contacts and leads to obtain their current information.
- ☒ C. Use third-party data services to update and add records.

Question 35 of 65

Choose 1 option.

A VP of sales wants better visibility into rep email and meeting activity without requiring manual data entry.

Which feature should they implement?

- ☒ A. Einstein Activity Capture
- ☐ B. Email Insights
- ☐ C. Lead Inbox

Question 36 of 65

Choose 1 option.

A recent customer survey has indicated that Cloud Kicks (CK) customers are frustrated with the sales team seeking to sell them products they have recently ordered. CK has an external enterprise resource planning (ERP) system that stores product order information. CK wants to view those orders as a related list on the Account record in real time so that the sales team can avoid this mistake in the future.

Which best practice should the Sales Cloud Consultant recommend?

- ☒ A. Implement Salesforce Connect and an external object.
- ☐ B. Create a custom product order information object.
- ☐ C. Create a report to show product order information.

Question 37 of 65

Choose 1 option.

A user at Cloud Kicks (CK) owns more than 12,000 account records. The CK admin has noticed that making changes to the sharing model is taking increasingly more time.

Which solution should the consultant implement to resolve the issue?

- ☐ A. Remove the user from the role hierarchy.
- ☒ B. Distribute the data equally to every role in the role hierarchy.
- ☐ C. Move the user to the bottom of the role hierarchy.

Question 37 of 65

Choose 1 option.

A user at Cloud Kicks (CK) owns more than 12,000 account records. The CK admin has noticed that making changes to the sharing model is taking increasingly more time.

Which solution should the consultant implement to resolve the issue?

- ☐ A. Remove the user from the role hierarchy.
- ☒ B. Distribute the data equally to every role in the role hierarchy.
- ☐ C. Move the user to the bottom of the role hierarchy.

Question 38 of 65

Choose 1 option.

The Cloud Kicks sales team collaborates on opportunities which help them close more deals.

What should the consultant configure to allow contributing sales team members to share in the revenue from closed opportunities?

- ☒ A. Enable Opportunity Splits from Setup.
- ☐ B. Create child opportunities using Quick Actions.
- ☐ C. Create a custom field on the Opportunity.

Question 39 of 65

Choose 1 option.

Universal Containers wants leads that have been open for over 90 days to be deleted.

What should the Sales Cloud Consultant create to achieve this goal?

- ☐ A. Autolaunched flow to delete leads
- ☐ B. Omni-Channel flow to delete leads
- ☒ C. Schedule-triggered flow to delete leads

Question 39 of 65

Choose 1 option.

Universal Containers wants leads that have been open for over 90 days to be deleted.

What should the Sales Cloud Consultant create to achieve this goal?

- ☐ A. Autolaunched flow to delete leads
- ☐ B. Omni-Channel flow to delete leads
- ☒ C. Schedule-triggered flow to delete leads

Question 40 of 65

Choose 1 option.

Cloud Kicks is utilizing Advanced Currency Management. The sales director submitted a request to display the total amount of all the open opportunities related to the account on the Account page layout.

How should the consultant implement a solution to meet the requirement?

- ☐ A. Use a custom formula field on the Opportunity object.
- ☐ B. Use a record-triggered flow to set the value on the account.
- ☒ C. Create a roll-up summary field on the Account object.

Question 40 of 65

Choose 1 option.

Cloud Kicks is utilizing Advanced Currency Management. The sales director submitted a request to display the total amount of all the open opportunities related to the account on the Account page layout.

How should the consultant implement a solution to meet the requirement?

- ☐ A. Use a custom formula field on the Opportunity object.
- ☐ B. Use a record-triggered flow to set the value on the account.
- ☒ C. Create a roll-up summary field on the Account object.

Question 41 of 65

Choose 1 option.

The Cloud Kicks team has made a correction in a sandbox environment that needs to be deployed to production as soon as possible. The sandbox and production environments are on two different versions of Salesforce. The fix requires functionality that is in the sandbox version.

Which action should the consultant recommend?

- ☐ A. Deploy the changes from the sandbox to production concurrently with the Salesforce Platform upgrade.
- ☒ B. Deploy the changes from the sandbox to production once both environments are on the same version.
- ☐ C. Deploy the changes from version control before the Salesforce Platform upgrade window.

Question 42 of 65

Choose 1 option.

Cloud Kicks has a private sharing model on Accounts. Sales reps need to ensure that specific users can qualify Opportunities on their Accounts. There can be different users for a given Opportunity. Sales management needs to report on which users are assigned to Opportunities.

What should the consultant recommend to the sales reps?

- ☒ A. Add specific users as Opportunity Team members with a role that grants Read/Write access.
- ☐ B. Share Accounts with specific users and their respective teams.
- ☐ C. Add specific users as Account Team members with a role that grants Modify All access.

Question 43 of 65

Choose 1 option.

What is an example of adversarial testing in generative AI models?

- ☐ A. Assessing the model by using diverse or unseen datasets
- ☐ B. Fixing errors or inconsistencies in the model's explanations
- ☒ C. Testing the model by using biased or inaccurate inputs

Question 44 of 65

Choose 1 option.

A company's sales leadership team complains that CRM data is incomplete because sales reps do not log meetings or emails.

Which tool should the Sales Cloud Consultant recommend to automate activity logging?

- ☐ A. Salesforce Inbox for Outlook
- ☒ B. Einstein Activity Capture
- ☐ C. Salesforce Scheduler

Question 45 of 65

Choose 1 option.

A consultant for Cloud Kicks notices that the deployment date for the Sales Cloud project is the same weekend as a Salesforce Release.

Which best practice should the consultant recommend?

- ☐ A. Continue the planned deployment concurrent with the Salesforce Release.
- ☐ B. Inform the customer about the Salesforce Release and that the deployment will fail.
- ☒ C. Move the deployment date, update the project plan, and communicate the change.

Question 46 of 65

Choose 1 option.

An executive at Cloud Kicks (CK) has asked its admin to create a diagram showing the high-level processes within the business. CK plans to use the diagram to show the context of a new process within the overall business.

What should the admin create to meet this requirement?

- ☐ A. Value Stream Map
- ☒ B. Capability Model
- ☐ C. Detail Process Mapping

Question 47 of 65

Choose 1 option.

Cloud Kicks (CK) requires its sales associates to record all interactions with prospects within Salesforce.

Which sales metric should a sales manager at CK use to monitor and reinforce its sales strategy?

☒ A. Activity Tracking

☐ B. Lead Status

☐ C. Event Monitor

Question 48 of 65

Choose 1 option.

Cloud Kicks (CK) is developing its organizational change management (OCM) and rollout strategy. The consultant has emphasized the value of leveraging the experiences of partners and customers within the Salesforce ecosystem.

Which resource should the consultant recommend to help CK reach its goal?

- ☒ A. Trailblazer Community
- ☐ B. End user feedback
- ☐ C. Salesforce Premier Success

Question 49 of 65

Choose 1 option.

The Northern Trail Outfitters sales team has reported that many of the leads they receive are missing an email address or phone number.

Which approach should a consultant recommend to address this issue?

- ☐ A. Make Phone and Email fields required on the Lead convert form.
- ☐ B. Set default values for Phone and Email fields on the Lead object.
- ☒ C. Create a validation rule that requires a Phone and Email.

Question 49 of 65

Choose 1 option.

The Northern Trail Outfitters sales team has reported that many of the leads they receive are missing an email address or phone number.

Which approach should a consultant recommend to address this issue?

- ☐ A. Make Phone and Email fields required on the Lead convert form.
- ☐ B. Set default values for Phone and Email fields on the Lead object.
- ☒ C. Create a validation rule that requires a Phone and Email.

Question 50 of 65

Choose 1 option.

Cloud Kicks wants to utilize Opportunities to report on and track subscriptions to the Shoe of the Month club. Subscribers can make a single payment or pay monthly, quarterly, or annually.

Where should the consultant enable schedules?

- ☐ A. On the Product object
- ☐ B. On the Order object
- ☐ C. On the Opportunity object

Question 50 of 65

Choose 1 option.

Cloud Kicks wants to utilize Opportunities to report on and track subscriptions to the Shoe of the Month club. Subscribers can make a single payment or pay monthly, quarterly, or annually.

Where should the consultant enable schedules?

- ☐ A. On the Product object
- ☐ B. On the Order object
- ☐ C. On the Opportunity object

Question 50 of 65

Choose 1 option.

Cloud Kicks wants to utilize Opportunities to report on and track subscriptions to the Shoe of the Month club. Subscribers can make a single payment or pay monthly, quarterly, or annually.

Where should the consultant enable schedules?

- ☒ A. On the Product object
- ☐ B. On the Order object
- ☐ C. On the Opportunity object

Question 51 of 65

Choose 1 option.

Cloud Kicks' (CK) VP of technology wants to start using Sales Cloud for all of the sales team's automation. CK migrated 70 million records from a legacy database to the data warehouse that will be synced with Sales Cloud. CK wants to search and cross-reference records with the original source database.

What should a consultant recommend to meet this requirement?

- ☐ A. Use the standard External ID field and map this to the source record ID value.
- ☒ B. Use a custom External ID field and map this to the source record ID value.
- ☐ C. Use a custom field named External ID and map this to the Sales Cloud record ID value.

Question 52 of 65

Choose 1 option.

Universal Containers' sales operations team needs to provide visibility on sales pipeline changes within the last month.

How should the consultant meet this requirement?

- ☒ A. Create an Opportunity History report for open pipeline opportunities.
- ☐ B. Create a reporting snapshot of the Opportunity pipeline.
- ☐ C. Create a sales pipeline dashboard that includes filters for Opportunity.

Question 53 of 65

Choose 1 option.

During a review, a team realizes that its AI model trained on global data underperforms in regions that have specific cultural and language nuances.

Which Salesforce trusted AI principle should guide the next steps?

- ☐ A. Empowering
- ☐ B. Responsible
- ☒ C. Inclusive

Question 54 of 65

Choose 1 option.

Cloud Kicks plans to integrate its email system with Sales Cloud and wants to show the last 2 months of emails to its 75 sales reps.

What should a consultant recommend to meet this requirement?

- ☐ A. Email to Salesforce
- ☒ B. Einstein Activity Capture Standard
- ☐ C. Sales Cloud Einstein

Question 55 of 65

Choose 1 option.

Cloud Kicks has purchased a list of prospects and wants sales reps to contact and measure the return on investment (ROI) of the purchased list.

Which solution should the consultant recommend?

- ☒ A. Import the list as new Leads and map the Campaign during import.
- ☐ B. Import the list as new Leads and update the Lead Source to "Purchased Lead".
- ☐ C. Import the prospects as Contacts and assign them to Accounts.

Question 56 of 65

Choose 1 option.

The sales department at Cloud Kicks is growing quickly. New sales executives want to prioritize interacting with contacts who make or influence the decision to purchase Sales Cloud.

What should the consultant recommend to document the decision-makers and influencers?

- ☐ A. Create a report showing Contacts with executive job titles.
- ☐ B. Update Primary Contact on all Opportunities.
- ☒ C. Use Contact Roles on the Opportunity object.

Question 57 of 65

Choose 1 option.

Cloud Kicks wants to implement team selling to share differing levels of access to Accounts and associated records, such as Opportunities, Contracts, and Cases, based on team member responsibilities.

Which feature should the consultant recommend?

- ☐ A. Role Hierarchy
- ☒ B. Account Teams
- ☐ C. Opportunity Teams

Question 58 of 65

Choose 1 option.

Sales managers at Cloud Kicks want to create a sales dashboard of key performance indicators (KPIs) to measure day-to-day operations.

Which key metric should the consultant include in the dashboard?

- ☐ A. Number of marketing qualified leads (MQL)
- ☐ B. Number of updated opportunities
- ☒ C. Number of outbound calls made over a period of time

Question 59 of 65

Choose 1 option.

Cloud Kicks has discontinued a product, and a sales manager wants to make the product unavailable for users.

What should a consultant do to meet the requirement?

- ☒ A. Remove the Product from all Price Books.
- ☐ B. Change the Product's sharing settings.
- ☐ C. Delete the Product record.

Question 60 of 65

Choose 1 option.

While implementing Agentforce at Cloud Kicks, the sales director indicated the need for an agent to support the relationships with contacts and person accounts to drive more business.

Which Agentforce for Sales agent should the Sales Cloud Consultant set up to support this requirement?

- ☒ A. SDR Agent
- ☐ B. Sales Coach
- ☐ C. Employee Agent

Question 61 of 65

Choose 1 option.

Sales leadership at Universal Containers is concerned that sales reps are negotiating deals with contacts without the authority to make a decision, resulting in lost deals.

What should the consultant recommend to resolve the issue?

- ☒ A. Require sales reps to add the stakeholder as the decision maker on each opportunity before the rep can progress the stage.
- ☐ B. Enable Opportunity Teams so sales reps can track the decision maker for each opportunity.
- ☐ C. Allow sales reps to mark the contact on each opportunity as "Primary" to indicate the decision maker.

Question 62 of 65

Choose 1 option.

Cloud Kicks (CK) has a private Opportunity sharing model and leverages Opportunity Teams to extend sharing. Occasionally, a team member's access needs to be removed due to changes in sales structure.

How should CK revoke Opportunity Team access on an ad-hoc basis?

- ☒ A. Remove the user's Opportunity Team member.
- ☐ B. Remove the team member from all Default Opportunity Teams.
- ☐ C. Build a flow to revoke a team member's access.

Question 63 of 65

Choose 1 option.

Cloud Kicks (CK) has hired a consultant to help enhance its current Salesforce implementation.

What should the consultant do first to help CK meet its business requirements?

- ☒ A. Conduct discovery sessions.
- ☐ B. Define the solution.
- ☐ C. Design the architecture.

Question 64 of 65

Choose 1 option.

Cloud Kicks has enabled territory forecasts to see how expected revenue compares between sales territories, and to determine which territory has closed the most deals in a month. The territory hierarchy has three branches with child territories, where forecast managers may be assigned to a few of them.

Which action can forecast managers perform?

- ☐ A. Add territory forecast to the hierarchy.
- ☐ B. Add a Forecasts tab to the Sales app.
- ☒ C. Share the forecast with any Sales Cloud user.

Question 65 of 65

Choose 1 option.

A consultant is preparing training to help end users get up to speed on Einstein Activity Capture.

What should the consultant include in the training information?

- ☐ A. Corporate emails are always included as synced activities.
- ☒ B. Users can share individual emails or make them private.
- ☐ C. Synced activities display in the Activities related list.

Question 65 of 65

Choose 1 option.

A consultant is preparing training to help end users get up to speed on Einstein Activity Capture.

What should the consultant include in the training information?

- ☐ A. Corporate emails are always included as synced activities.
- ☒ B. Users can share individual emails or make them private.
- ☐ C. Synced activities display in the Activities related list.
