The report below shows the percentage of questions in each section that you answered correctly for the Salesforce Certified Sales Cloud Consultant exam. You will receive this information in your exam results email and can also access it via My Dashboard in Trailhead Academy.

SECTION NAME:	PERCENT CORRECT:
Sales Lifecycle	100%
Implementation Strategies	100%
Practical Application of Sales Cloud Expertise	85.71%
Data Management	90.91%
Predictive and Generative AI	100%

Close

Question 56 of 65

Choose 1 option.

A marketing team is using Salesforce Marketing Cloud for managing prospects and wants to hand off prospects to the sales team.

What should the Sales Cloud Consultant recommend for this requirement?

- ☐ A. An AppExchange integration package
- ☐ B. An integration to Sales Cloud that generates tasks with lead information
- ☒ C. An integration that creates leads in Sales Cloud

Question 49 of 65

Choose 1 option.

Universal Containers is creating a new program to allow customers to pay for large orders over the course of 1 to 3 years in monthly installments beginning in the month the products are sold. The admin needs to configure Sales Cloud to accommodate the new pricing terms and to help the finance department forecast.

What should the consultant recommend to meet the requirement?

- ☒ A. Use revenue schedules to capture installment payment plan details for each product.
- ☐ B. Create an installment plan custom object to capture payments.
- ☐ C. Set the default payment schedule to 12, 24, and 36 months in the price book.

Question 40 of 65

Choose 1 option.

Universal Containers plans to use Einstein Generative AI to create personalized and contextualized sales emails. However, the Draft with Einstein button to create an AI-generated sales email isn't available and users see an error message.

What is causing the error message?

- ☒ A. The volume of usage exceeds the 2,000 emails per hour governor limit.
- ☐ B. One or more email addresses are not valid, causing the error.
- ☐ C. The user login session has expired, preventing access to the feature.

Question 65 of 65

Choose 1 option.

Cloud Kicks has enabled the Einstein Lead Scoring feature and rolled out Sales Cloud Einstein to pilot users. The pilot users are unable to view the Lead Score field on the Lead record page.

What should the consultant do to fix this issue?

- ☐ A. Assign the Einstein Lead Scoring permission set.
- ☒ B. Add the Lead Score field to the Lead Page layout.
- ☐ C. Add the Lead Score field to the Lead List View.

Choose 1 option.

How can a consultant determine which capabilities of a Sales Cloud implementation are required during the Discovery phase?

- ☐ A. Demo Sales Cloud to end users.
- ☒ B. Observe end users.
- ☐ C. Establish KPIs for end users.

Question 63 of 65

Choose 1 option.

An executive at Cloud Kicks (CK) has asked its admin to create a diagram showing the high-level processes within the business. CK plans to use the diagram to show the context of a new process within the overall business.

What should the admin create to meet this requirement?

- ☐ A. Value Stream Map
- ☒ B. Capability Model
- ☐ C. Detail Process Mapping

Question 62 of 65

Choose 1 option.

A Cloud Kicks (CK) sales team based in the U.S. wants to grow market share in Australia. CK has multiple currencies enabled and has added the Australian dollar as an available currency.

What should the Sales Cloud Consultant consider so the sales team can report on Australian deal values in U.S. dollars (USD)?

- ☒ A. Reports display the secondary currency in parentheses.
- ☐ B. Only the user's default currency is show in tabular reports.
- ☐ C. A formula field with currency calculation should be added to reports.

Question 61 of 65

Choose 1 option.

Sales managers at Cloud Kicks want to create a sales dashboard of key performance indicators (KPIs) to measure day-to-day operations.

Which key metric should the consultant include in the dashboard?

- ☒ A. Number of outbound calls made over a period of time
- ☐ B. Number of marketing qualified leads (MQL)
- ☐ C. Number of updated opportunities

Question 60 of 65

Choose 1 option.

Universal Containers has been using Sales Cloud for the last 5 years to manage leads, accounts, contacts, and opportunities. The SVP of sales recently attended a conference and learned about Sales Cloud Einstein features. The SVP is very interested in Einstein Lead Scoring and Einstein Deal Insights. The SVP hired a consultant to create an implementation immediately.

Which step should the consultant take first?

- ☒ A. Run the Einstein Readiness Assessor in a sandbox.
- ☐ B. Enable Einstein Activity Capture in a developer org.
- ☐ C. Enable both Einstein features in production.

Question 59 of 65

Choose 1 option.

Universal Containers wants to automatically add sales rep emails and events from Gmail to the activity timeline of related records.

What should the consultant recommend to meet the requirement?

- ☐ A. Email to Salesforce
- ☒ B. Einstein Activity Capture
- ☐ C. AppExchange app

Question 58 of 65

Choose 1 option.

Cloud Kicks (CK) sells formal and athletic footwear lines. CK is using Product Families on Products to associate each product to its corresponding line. CK currently forecasts an Expected Revenue amount that combines all products together.

A consultant is assessing how CK can divide its forecasts by footwear line.

Which solution should the consultant recommend to improve CK's forecasts?

- ☐ A. Configure separate stages and sales processes for each Product Family.
- ☒ B. Configure a new Forecast Type on Opportunity Product grouped by Product Family.
- ☐ C. Configure a new Forecast Type on Opportunity grouped by Product Family.

Question 57 of 65

Choose 1 option.

Cloud Kicks is implementing Sales Territories for its retail sales unit. The sales director is requesting a detailed roll-up forecast for territories.

What should the consultant recommend?

- ☐ A. Include the Forecast Manager field on the Account page layout.
- ☒ B. Assign a Forecast Manager to each region.
- ☐ C. Assign a role for each manager in the user role hierarchy.

Question 56 of 65

Choose 1 option.

Question 55 of 65

Choose 1 option.

Northern Trail Outfitters (NTO) wants to update the territory assignments for all sales reps in its enterprise. NTO understands this can impact the current year closing which is due at the end of the quarter. The IT team is also planning a release of the new incentive management package from AppExchange that will be used by sales reps.

What should the consultant take into account when deciding on the timing of the release?

- ☐ A. Testing changes to Sales Territories and the incentive management package should be completed in a developer org before releasing to production.
- ☐ B. Combining Sales Territories changes and the incentive management package increases downtime and ramp-up time for users.
- ☒ C. Installing a new incentive management package along with Sales Territories changes may add high risk to the deployment.

Question 54 of 65

Choose 1 option.

Which ethical practice should be prioritized when integrating AI into Salesforce workflows?

- ☐ A. Reducing human involvement in AI oversight to limit bias
- ☐ B. Encrypting all AI outputs to foster privacy
- ☒ C. Ensuring transparency in AI decision-making processes

Question 53 of 65

Choose 1 option.

It is a priority at Cloud Kicks to implement logic and automation to qualify top leads. The company has captured significant data points on converted leads and won opportunities.

What should the consultant do first to ensure a best practices implementation?

- ☒ A. Review converted lead data with sales and marketing to understand the interaction patterns that led to conversion.
- ☐ B. Configure a qualification screen flow to help sales reps quickly determine which leads are most important.
- ☐ C. Identify a recommended base Lead score, evaluate the results, and adjust the score accordingly.

Question 52 of 65

Choose 1 option.

Universal Containers continues to see substantial growth year-over-year. Outside sales reps think their territories are too dense to cover adequately. Leadership has decided to modify the existing sales territories and hire additional staff to make the account allocations more manageable. Some states will change from one territory to two or more smaller territories. In these instances, accounts will need to be reassigned to new territories.

Sales operations wants to review the territory account assignments and verify the accuracy before the changes are reflected in Sales Cloud.

How should the consultant show sales operations what the data will look like after the change?

- ☒ A. Run the updated assignment rules in the Planning State and view the accounts on the territory detail page.
- ☐ B. Install the Territory Health Assessment app from AppExchange.
- ☐ C. Develop reports and dashboards that compare the existing and new territories.

Question 51 of 65

Choose 1 option.

Cloud Kicks is concerned that the sales team is taking longer to close opportunities in comparison to the same time last year. The VP of sales wants to determine the number of closed deals on a monthly basis and compare the month-over-month results.

Which action should the consultant take to meet the requirement?

- ☐ A. Create a dashboard component and schedule the dashboard to refresh monthly.
- ☒ B. Schedule a reporting snapshot of the Opportunity object to run monthly.
- ☐ C. Schedule a reporting snapshot of the Opportunity History object to run monthly.

Question 50 of 65

Choose 1 option.

Cloud Kicks has organization-wide defaults set to Private for Account.

With the rollout of Opportunity Teams, what should a consultant consider?

- ☐ A. Opportunity should be set to Public Read/Write first.
- ☒ B. The Opportunity's Account will be implicitly Read for the team.
- ☐ C. The Opportunity will be implicitly Write for the team.

Question 49 of 65

Choose 1 option.

Question 48 of 65

Choose 1 option.

After creating a brand new sneaker Product object record for Cloud Kicks, the admin is unable to add this product to Price Books.

How should the consultant resolve the issue?

- ☒ A. Set a standard active price.
- ☐ B. Add the product to a price schedule.
- ☐ C. Edit the sharing settings of the Product object.

Question 47 of 65

Choose 1 option.

Cloud Kicks is utilizing Advanced Currency Management. The sales director submitted a request to display the total amount of all the open opportunities related to the account on the Account page layout.

How should the consultant implement a solution to meet the requirement?

- ☒ A. Use a record-triggered flow to set the value on the account.
- ☐ B. Use a custom formula field on the Opportunity object.
- ☐ C. Create a roll-up summary field on the Account object.

Question 46 of 65

Choose 1 option.

A recent survey at Cloud Kicks regarding generative AI has concluded higher positive feedback in some geographic regions than others.

What is the most likely reason for this outcome?

- ☐ A. Sales people in higher-scoring regions are not reviewing AI content.
- ☒ B. Societal data is being provided to the AI model and introducing regional bias.
- ☐ C. Sales processes in low-scoring regions have more automation.

Question 45 of 65

Choose 1 option.

After completing a successful Sales Cloud rollout to a new business unit at Universal Containers, sales forecasting within Salesforce is inaccurate. Upon closer inspection, some opportunities appear in the incorrect forecast category.

How should a consultant troubleshoot this issue efficiently?

- ☐ A. Modify forecast hierarchy to sync with the forecast category.
- ☐ B. Make the Forecast Category a required field on relevant Opportunity page layouts.
- ☒ C. Verify the Stage to Forecast Category Mappings on the Opportunity object.

Question 44 of 65

Choose 1 option.

The Sales Cloud implementation at Cloud Kicks (CK) is now live. End user training is complete. IT stakeholders have signed off on the technical aspects of the project. The CK admin continues to call the consultant with questions about the sales process.

What should the consultant do?

- ☐ A. Suggest that CK purchase a support agreement.
- ☐ B. Recommend that the admin attend Salesforce instructor-led training.
- ☒ C. Conduct a knowledge transfer with the admin.

Question 43 of 65

Choose 1 option.

Cloud Kicks wants to send an email notification to the VP of sales whenever any opportunity with an amount of \$100,000 or more reaches a probability of 75% or more.

Which solution should the consultant recommend?

- ☐ A. Change the stage on the opportunity.
- ☐ B. Create a Lightning Email Template for the opportunity.
- ☒ C. Configure a flow with an email alert for the opportunity.

Question 42 of 65

Choose 1 option.

Universal Containers (UC) wants to use the Draft with Einstein feature in Sales Cloud to create a personalized introduction email.

After creating a proposed draft email, which predefined adjustment should UC choose to revise the draft with a more casual tone?

- ☒ A. Make Less Formal
- ☐ B. Enhance Friendliness
- ☐ C. Optimize for Clarity

Question 41 of 65

Choose 1 option.

Cloud Kicks (CK) has hired a consultant to help enhance its current Salesforce implementation.

What should the consultant do first to help CK meet its business requirements?

- ☐ A. Design the architecture.
- ☒ B. Conduct discovery sessions.
- ☐ C. Define the solution.

Question 40 of 65

Choose 1 option.

Question 39 of 65

Choose 1 option.

The sales team at Cloud Kicks has been late meeting project deadlines and missed multiple meetings.

What should the consultant recommend to the project manager?

- ☐ A. Confirm that the statement of work (SOW) is realistic.
- ☐ B. Bring additional resources from the consulting firm to the project.
- ☒ C. Revisit the communication plan and set up more frequent check-ins.

Question 38 of 65

Choose 1 option.

The admin at Universal Containers has been getting complaints from sales reps about duplicate leads within Sales Cloud. The admin has already set up a matching rule for leads.

What should the Sales Cloud Consultant recommend to resolve the issue?

- ☐ A. Change the criteria for the standard lead matching rule.
- ☒ B. Validate the custom lead matching rule is activated.
- ☐ C. Ensure the email address field is required.

Question 37 of 65

Choose 1 option.

The sales director of retail products at Cloud Kicks wants to allow sales reps to clone orders to avoid repetitive tasks.

Which guideline should a consultant consider when cloning an order with products?

- ☐ A. A cloned order must have a later end date from the associated contract.
- ☒ B. A cloned order's start date must fall between the associated contract's start and end dates.
- ☐ C. A cloned order must be associated with the same contract as the original order.

Question 36 of 65

Choose 1 option.

Cloud Kicks wants to improve its return on investment (ROI) by creating intelligent processes built on trusted, targeted data.

What is a justification for using Data Cloud?

- ☐ A. To activate customizable sales forecasting and lead scoring
- ☒ B. To gain a deeper understanding of customer lifetime value
- ☐ C. To generate emails that send automatically on behalf of the sales team

Question 35 of 65

Choose 1 option.

Universal Containers is preparing organization-wide training for a highly customized Sales Cloud solution.

What should the consultant do to ensure that training is most effective?

- ☐ A. Choose one training modality to simplify the user experience.
- ☒ B. Provide user training based on relevant business scenarios.
- ☐ C. Direct users to relevant Trailhead modules for self-paced learning.

Question 34 of 65

Choose 1 option.

Universal Containers wants to implement Collaborative Forecasts in Salesforce. There are multiple levels above the sales reps, including team managers, regional managers, and country VPs. This structure has been built in the role hierarchy. Some of the regional manager roles include multiple users.

How should the consultant configure the way opportunities roll up through the management structure?

- ☐ A. Simplify the role hierarchy by moving managers into the forecast hierarchy.
- ☒ B. Assign the manager in the forecast hierarchy.
- ☐ C. Update the role hierarchy so each manager role has one user.

Question 33 of 65

Choose 1 option.

The consultant at Cloud Kicks has successfully implemented Einstein Lead Scoring. The VP of sales wants to see the effectiveness of this new functionality.

What should the consultant do to fulfill this request?

- ☐ A. Create a custom report type for Sales Cloud Einstein records.
- ☐ B. Add the Einstein prediction column to the forecast list view.
- ☒ C. Add a standard dashboard for Sales Cloud Einstein.

Question 32 of 65

Choose 1 option.

The sales director at Universal Containers is concerned the percentage of all opportunities marked Closed Won is lower than expected. Historically, qualified leads must have a budget that is at least \$10,000. The director wants sales reps to prioritize high-value prospects.

Which action should a consultant recommend to meet the requirement?

- ☐ A. Map the Lead Budget field to an Opportunity Revenue field.
- ☐ B. Use an approval process upon lead conversion when the budget is over \$10,000.
- ☒ C. Map the Lead Budget field to an Opportunity Amount field on the Opportunity.

Question 31 of 65

Choose 1 option.

Cloud Kicks has enabled Orders to track and manage customer requests for products. The sales team has requested a process to return or reduce the quantity of activated orders.

What should a consultant recommend to meet this requirement?

- ☐ A. Create an order with a negative amount.
- ☐ B. Enable Optional Price Books for Orders.
- ☒ C. Enable Reduction Orders.

Question 30 of 65

Choose 1 option.

Sales managers at Cloud Kicks need to show reports and dashboards with Opportunity Forecast by Product family with team Quotas.

Which solution should a consultant recommend?

- ☒ A. Create a custom report type with Forecasting Quotas and Forecasting Items.
- ☐ B. Configure Quotas with a Product family report and add necessary fields.
- ☐ C. Create a joined report with closed Opportunities, Forecasting Items, and Quotas.

Question 29 of 65

Choose 1 option.

A marketing manager wants to help sales reps focus on high-quality leads by automatically ranking them based on conversion likelihood.

Which feature supports this use case?

- ☐ A. Campaign Influence
- ☐ B. Lead Assignment Rules
- ☒ C. Einstein Lead Scoring

Question 28 of 65

Choose 1 option.

An account manager is preparing for an upcoming customer call and wishes to get a snapshot of key data points from accounts, contacts, leads, and opportunities in Salesforce.

Which feature provides this?

- ☐ A. Work Summaries
- ☐ B. Sales Summaries
- ☒ C. Sales Insight Summary

Question 27 of 65

Choose 1 option.

Cloud Kicks has 300,000 account records and 16 million invoices in a custom object with a master-detail relationship to the Account. End users have stated that each account record takes a long time to display.

What should the consultant do to reduce the amount of time it takes to load pages and increase adoption?

- ☒ A. Move the invoice related list to a separate tab on the record page and communicate the change to users.
- ☐ B. Convert the invoice master-detail into a lookup relationship and tell the users it is a required field.
- ☐ C. Enable indexing on all visible fields on the invoice related list and create a training plan for the users.

Question 26 of 65

Choose 1 option.

Cloud Kicks has configured Account Teams and is ready to go live in production.

How should the consultant migrate the Account Team Members records to production?

- ☒ A. Migrate them via Data Loader.
- ☐ B. Distribute them with packages.
- ☐ C. Deploy them with change sets.

Question 25 of 65

Choose 1 option.

Universal Containers made a decision that's resulted in 290,000 contacts being listed all under a single account, but distributed across multiple owners. The effect of this decision has inadvertently resulted in performance issues that require rapid remediation.

What should the Sales Cloud Consultant recommend?

- ☐ A. Assign all contacts to a single owner.
- ☐ B. Update account sharing rule for the account to use a public group.
- ☒ C. Create a plan to split the 290,000 contacts across at least 30 accounts.

Question 24 of 65

Choose 1 option.

Universal Containers wants to help sales reps handle phone calls with prospective customers more efficiently.

Which tool should the consultant recommend?

- ☐ A. Omni-Channel
- ☐ B. Activity Capture
- ☒ C. Sales Dialer

Question 23 of 65

Choose 1 option.

At Universal Containers, in addition to the sales team, support reps are sometimes eligible for commissions. Support reps involved in a deal should receive a credit of 15% of the revenue.

What should the consultant consider when designing a revenue sharing solution?

- ☐ A. Create an Opportunity with Opportunity Teams report, use a summary formula field to assign 15%, and add to the report.
- ☒ B. Enable Opportunity Splits, set up the split, and add the Opportunity Split related list to the desired layout.
- ☐ C. Create a formula field on the Opportunity Team member to calculate a 15% credit and add to the related list.

Question 22 of 65

Choose 1 option.

How should a company ensure inclusivity when training an AI model?

- ☐ A. Exclude outlier data points to improve the accuracy of the AI model.
- ☒ B. Use datasets that represent the diversity of the intended user base.
- ☐ C. Focus on large datasets to ensure the most comprehensive coverage.

Question 21 of 65

Choose 1 option.

The Cloud Kicks admin wants to update an existing sales process.

Which best practice should a Sales Cloud Consultant recommend to the admin?

- ☐ A. Build in a Developer Edition org.
- ☐ B. Build in a production org.
- ☒ C. Build in a Developer sandbox.

Question 20 of 65

Choose 1 option.

The Cloud Kicks (CK) admin is planning to deploy new functionality as part of its quarterly update process. The consultant has recommended completing the update outside of business hours to avoid impacting users.

Where should the consultant direct the admin to check for scheduled system maintenance on the CK org?

- ☒ A. Salesforce Trust
- ☐ B. Release Notes
- ☐ C. System Overview

Question 19 of 65

Choose 1 option.

Sometimes, Universal Containers sales reps need to create contacts without accounts based on business processes.

What should the consultant take into consideration?

- ☐ A. Contacts are private and only the owner and admin can view them.
- ☐ B. Contacts are private and shared through the role hierarchy.
- ☒ C. Contacts are private and shared through sharing rules.

Question 18 of 65

Choose 1 option.

Cloud Kicks is migrating from its current CRM application to Sales Cloud in phases across various regions. The current CRM application manages customer and pipeline information that resides in a legacy back-end application which needs to be migrated to Salesforce.

Which approach should the consultant use for the data migration?

- ☒ A. Migrate all Accounts, then Contacts, and then Opportunities.
- ☐ B. Migrate all Opportunities, and then associate Accounts and Contacts.
- ☐ C. Migrate all Contacts, then Opportunities, and then Accounts.

Question 17 of 65

Choose 1 option.

Cloud Kicks recently launched Sales Cloud. Admins need to know the pages that are most viewed.

Which option should a Sales Cloud Consultant recommend to meet this requirement?

- ☒ A. View the built-in metrics included in the Lightning Usage App.
- ☐ B. Install the Salesforce Adoption Dashboards package from AppExchange.
- ☐ C. Create a custom report based on Lightning Exit By Page Metrics.

Question 16 of 65

Choose 1 option.

Cloud Kicks is running a campaign for the Shoe of the Month club. Sales management wants to use Campaign Influence features with Opportunities to attribute a percentage of success to influential campaigns.

Which feature will allow for revenue share with standard and custom attribution models?

- ☒ A. Use Customizable Campaign Influence for reporting.
- ☐ B. Create a formula field to track Campaign Influence.
- ☐ C. Create a reporting snapshot for Campaign Influence.

Question 15 of 65

Choose 1 option.

Cloud Kicks is merging the data of a recently acquired company into its Salesforce org. The data model is private and has millions of data records. Migrated users will be merged into the existing role hierarchy. Additional data will include Accounts, Contacts, Opportunities, Opportunities Products, Products, and Activities.

What should the Sales Cloud Consultant advise when performing the data migration?

- ☒ A. Defer sharing calculations to avoid timeouts.
- ☐ B. Limit the batch size to 200 rows of data to avoid row locks.
- ☐ C. Use the Data Import Wizard.

Question 14 of 65

Choose 1 option.

Cloud Kicks (CK) is kicking off its Sales Cloud implementation project. The consultant wants to dive deeper into CK's process and pain points.

Which approach should the consultant use to learn about and empathize with the customer?

- ☐ A. Create flowcharts.
- ☒ B. Interview stakeholders.
- ☐ C. Define personas.

Question 13 of 65

Choose 1 option.

Universal Containers tests out a new Einstein Generative AI feature for its sales team to create personalized and contextualized emails for its customers. Sometimes, users find that the draft email contains placeholders for attributes that could have been derived from the recipient's contact record.

What is the most likely explanation for why the draft email shows these placeholders?

- ☐ A. The user's locale language is not supported by Prompt Builder.
- ☐ B. The user does not have Einstein Sales Emails permission assigned.
- ☒ C. The user does not have permission to access the fields.

Question 12 of 65

Choose 1 option.

The admin at Universal Containers is attempting to retire a heavily used Product that is being replaced by a newer version.

What should the Sales Cloud Consultant recommend?

- ☒ A. Edit the Product record and uncheck the Active field.
- ☐ B. Remove the related product from all Opportunities and quotes.
- ☐ C. Create a flow to delete the Product from the price book.

Question 11 of 65

Choose 1 option.

Cloud Kicks has been measuring user adoption of its new system and notices that sales users are inconsistently entering opportunities.

Which next step should a Sales Cloud Consultant recommend to address the poor adoption?

- ☐ A. Schedule the Sales Adoption Dashboard from the Adoption & Data Quality Dashboard Pack.
- ☐ B. Convert text fields to required picklist fields to ensure data is always entered.
- ☒ C. Use surveys to gather feedback from users on how to improve their experience.

Question 10 of 65

Choose 1 option.

Universal Containers (UC) has an Account Hierarchy of customer accounts, with parent accounts representing corporate headquarters and child accounts representing franchises. The VP of sales believes that many franchises are missing from UC's Sales Cloud org because sales reps are unaware of them.

What should the consultant recommend to fill in the missing franchises?

- ☐ A. Download the Data Quality Analysis Dashboard from AppExchange.
- ☒ B. Implement a data enrichment package from AppExchange.
- ☐ C. Utilize Sales Engagement to add an External ID to the data.

Question 9 of 65

Choose 1 option.

Users at Cloud Kicks (CK) report the global search is returning too many results when searching for contacts. CK's admin confirmed that users have the correct permissions and record access for the contacts they want to see.

What should a consultant recommend to yield better search results?

- ☐ A. Add the "in:" command next to the contact's full name in the results list.
- ☐ B. Add the company name next to the contact's full name in the results list.
- ☒ C. Use the quotation marks operator around the contact's first and last name.

Question 8 of 65

Choose 1 option.

Cloud Kicks wants to assign territories in bulk to Opportunities.

What should the consultant do to meet the requirement?

- ☐ A. Schedule auto-assignment rules in the territory model.
- ☐ B. Update Opportunity sales team with territory assignments.
- ☒ C. Run the filter-based Opportunity territory assignment.

Question 7 of 65

Choose 1 option.

Cloud Kicks (CK) operates in multiple countries and wants to track historical exchange rates. The consultant at CK has implemented dated exchange rates by using Advanced Currency Management.

How is the converted currency amount calculation on opportunities determined?

- ☒ A. The close date regardless of the opportunity stage
- ☐ B. The date the opportunity stage is closed regardless of the close date
- ☐ C. The close date only when the opportunity stage is closed

Question 6 of 65

Choose 1 option.

Cloud Kicks (CK) is currently preparing to update its Sales Cloud instance with new functionality. CK has finished its configuration, and business users are ready to test the new feature.

Which step is this in a typical project lifecycle?

- ☐ A. Deployment
- ☒ B. User Acceptance Testing (UAT)
- ☐ C. Go-Live

Question 5 of 65

Choose 1 option.

Cloud Kicks is expanding to international markets. Sales reps are unable to find specific Products in the international Price Book.

What should a consultant do to resolve this issue?

- ☐ A. Add the Products to a product family.
- ☐ B. Share the Products with sales reps.
- ☒ C. Add the Products to the Price Book.

Question 4 of 65

Choose 1 option.

Cloud Kicks (CK) has recently rolled out Sales Cloud. CK uses an enterprise resource planning (ERP) system as its system of record for customer data. When an account has its first Closed Won opportunity, the ERP system should be updated immediately from the account and opportunity records.

Who should the Sales Cloud Consultant work with to meet the requirement?

- ☒ A. Integration architect
- ☐ B. Project manager
- ☐ C. ERP admin

Question 3 of 65

Choose 1 option.

Cloud Kicks sales reps want to see all of the details on their current opportunities with a minimal amount of navigation or clicks to cycle through them.

Which functionality should the consultant recommend?

- ☐ A. Create a dashboard with reports on My Opportunities.
- ☒ B. Select the Split View option from the My Opportunities list view.
- ☐ C. Develop a new Sales Console app including opportunities.

Question 2 of 65

Choose 1 option.

A consultant is preparing training to help end users get up to speed on Einstein Activity Capture.

What should the consultant include in the training information?

- ☐ A. Synced activities display in the Activities related list.
- ☒ B. Users can share individual emails or make them private.
- ☐ C. Corporate emails are always included as synced activities.

Question 1 of 65

Choose 1 option.

A sales operations manager wants to help their team prioritize deals more effectively by identifying opportunities likely to close. They need a solution that provides explanations to aid rep decision-making.

What feature should the Sales Cloud Consultant recommend?

- ☐ A. Collaborative Forecasting
- ☒ B. Einstein Opportunity Scoring
- ☐ C. In-App Guidance
